Fort St. George, March 7, 1935
[G.O. No. 276, Public (Services)].

authorities by which such orders may be reversed or altered:—

Inspectors of Police,
Sub-Inspectors of Police,
Sergeants Major,
Charge Sergeants,
Sergeants including the Bandmaster, Police Training School, Vellore.
Jamadars excluding Jamadars appointed in the District Reserves prior to 5th June 1925,
Havildars Major, including Jamadars, appointed in District Reserves prior to 5th June 1925,
Head constables and Reserve Head constables, including Armourers,
Constables and Reserve constables,
Buglers and Bellows Boys,
Tracer Sub-Inspectors of the Finger Print Bureau,
Daffadar and Lascar Daffadars of the Sewar troop and
Sewari.

These rules shall come into force on and from the 1st July 1936.

In these rules—

(i) 'Local Government' means the Governor in Council.

(ii) 'Service' shall mean the Madras Police subordinate service or the Malabar Special Police subordinate service, as the case may be.

1. The following penalties may, for good and sufficient reason, be imposed upon members of the service, namely:—

(a) Censure,

(b) withholding of increments or promotion, including stoppage at an efficiency bar,

(c) reduction in grade or to a lower post or time-scale, or to a lower stage in the same time scale,

(d) recovery from pay of the whole or part of any pecuniary loss caused to Government by negligence or breach of orders,

(e) suspension,

(f) removal from the civil service of the Crown, which does not disqualify from future employment,

(g) dismissal from the civil service of the Crown which disqualifies from future employment.

Explanation.—(i) The discharge of a person appointed on probation during the period of probation or of a person engaged under contract in accordance with the terms of his contract does not amount to removal or dismissal within the meaning of this rule.

(ii) The penalty of "recovery from pay of the whole or part of any pecuniary loss caused to Government by negligence or breach of orders" may be imposed in addition to any other penalty which may be inflicted in respect of the same negligence or breach of orders.

2. No order of dismissal, removal or reduction shall be passed on a member of the service (other than an order based on facts which have led to his conviction in a criminal court), unless he has been informed in writing of the grounds on which it is proposed to take action, and has been afforded an adequate opportunity of defending himself. The grounds on which it is proposed to take action shall be reduced to the form of a definite charge or charges, which shall be communicated to the person charged together with a statement of the allegations on which each charge is based and of any other circumstances which it is proposed to take into consideration in passing orders on the case. He shall be required, within a reasonable time, to put in a written statement of his defence and to state whether he desires to be heard in person. If he so desires or if the authority concerned so direct, an oral inquiry shall be held. At that inquiry oral evidence shall be heard as to such of the allegations as are not admitted, and the person charged shall be entitled to cross-examine the witnesses, to give evidence in person and to have such witnesses called, as he may wish, provided that the officer conducting the inquiry may, for special and sufficient reason to be recorded in writing, refuse to call a witness. The proceedings shall contain a sufficient record of the evidence and a statement of the findings and the grounds thereof.

This rule shall not apply where the person concerned has absconded, or where it is for other reasons impracticable to communicate with him. All or any of the provisions of this rule may, in exceptional cases for special and sufficient reasons to be recorded in writing, be waived where there is a difficulty in observing exactly the requirements of the rule and those requirements can be waived without injustice to the person charged.

3. The authority which may impose any of the penalties prescribed in rule 1 on a member of the service specified in column (i) of the schedule to these rules, shall be the authority specified in the corresponding entry in column (ii), (iii), (iv), (v), (vi) or (vii), whichever is relevant, or any higher authority:

Provided that where in any case a competent authority has imposed or declined to impose a penalty under this rule, a lower authority shall have no jurisdiction to proceed under this rule in respect of the same case:

Provided further that no person shall be removed or dismissed from the service by any authority subordinate to that by which he was appointed.

Explanation.—(a) The fact that a lower authority has imposed or declined to impose a penalty in any case shall not debar a higher authority from exercising his jurisdiction under this rule in respect of the same case.

(b) The order of a higher authority imposing or declining to impose in any case a penalty under this rule shall supersede any order passed by a lower authority in respect of the same case.

4. A member of the service shall be entitled to appeal from an order imposing on him any of the penalties specified in rule 1—

(a) if such order was passed by an authority specified in the relevant column of the schedule, to the authority specified in the last column thereof;

(b) if such order was passed by an authority (other than the Local Government) higher than that specified in the relevant column of the schedule, to the next higher authority to whom the former authority is administratively subordinate, and

(c) if such order was passed by the Local Government, to the Governor.

5. In the case of an appeal against an order imposing any penalty specified in rule 1, the appellate authority shall consider—

(a) whether the facts on which the order was based have been established,

(b) whether the facts established afford sufficient ground for taking action, and

(c) whether the penalty is excessive, adequate or inadequate;

and after such consideration shall pass such order as it thinks proper.

6. An authority from whose order an appeal is preferred under rule 4 shall give effect to any order made by the appellate authority.

7. Every person preferring an appeal shall do so separately and in his own name.

8. Every appeal preferred under rule 4 shall contain all material statements and arguments relied on by the appellant, shall contain no disrespectful or improper language and shall be complete in itself. Every such appeal shall be submitted through the head of the office to which the appellant belongs or belonged and through the authority from whose order the appeal is preferred.

No appeal shall be considered by the appellate authority if it was not preferred within six months after the date on which a copy of the order appealed against was communicated to the appellant and no reasonable cause is shown for the delay.

9. The authority by whom an order imposing a penalty under rule 3 may be reversed or altered in cases in which no appeal is preferred shall be the appellate authority specified in rule 4 or any higher authority.

10. Nothing in these rules shall operate to deprive any person of any right of appeal which he would have had if these rules had not been made, in respect of any order passed before they came into force. An appeal pending at the time when, or preferred after, these rules come into force, shall be deemed to be an appeal under these rules, and rules 5 and 8 shall apply as if the appeal were against an order appealable under these rules.

Heads of institutions should report to the Commissioner of Labour all cases of grant of leave to the scholarship-holders.

11. Without the special sanction of the Commissioner of Labour no person receiving a scholarship under this notification shall be permitted to hold any other scholarship provided wholly or partly by Government. If the scholarship-holders of the department who are granted rent-free dentinal scholarships at rates mentioned in column (2) under rule 1 are granted half-fee concession under rule 23 of the Madras Educational Rules are not totally exempted from payment of fees such cases should be reported to the Commissioner of Labour immediately for reduction of the rates of the residential scholarships to those mentioned in column (3) or (4) under rule 1.

12. All scholarships tenable under the above rules are liable to forfeiture for misconduct, irregularity or failure to make due progress or secure annual promotion.

13. A residential scholarship held in any class shall run from the beginning of the month in which the holder joins the class and shall not continue to be drawn after he ceases to attend it.

14. The scholarships mentioned will, on the scholarship holders' promotion to the next higher class, be restored provided the scholarship holder's progress and conduct have been satisfactory. Applications for renewal of scholarships should be submitted on the prescribed forms.

15. A register of scholarships and all acquittance rolls, copies of which can be had from this office, shall be maintained by the heads of institutions as received and full particulars in all the prescribed columns by the officers of the Educational Department and when required by the officers of the Labour Department.

If it is made by a firm, it shall be signed with the usual signature by a member of the firm, who shall also sign his own name, and the name and address of each member of the firm shall be given. If the tender is made by a corporation, it shall be signed by a duly authorised officer who shall produce with his tender, satisfactory evidence of his authorisation. Such tendering corporation may be required, before the contract is executed, to furnish evidence of its corporate existence.

3 Each tenderer must pay, as earnest money, a sum of rupees five hundred into the branch of the Imperial Bank of India or into the Government treasury or sub-treasury within the jurisdiction of the Executive Engineer concerned to the credit of revenue deposits on behalf of the Executive Engineer of the Nellore Division and enclose with his tender the challan endorsed accordingly. The earnest money will be refunded to the unsuccessful tenderer on application after intimation is sent of rejection of the tender or at the expiration of two months from date of tender, whichever is earlier. This refund will be authorized by the Executive Engineer by suitable endorsement on the challan. The earnest money will not be received in cash or currency notes by the Public Works Department Officers, save in exceptional cases, where there are no treasuries or banks within the jurisdiction of the officer calling for tenders. When currency notes are given, the tenderer should sign his name in full with date, on the back of all the currency notes given by him, whatever their denominations may be.

The earnest money will be retained in the case of the successful tenderer and will not carry any interest. It will be dealt with as provided in the tender.

4 When a tender is to be accepted, the tenderer whose tender is under consideration shall attend the Division office or, the date fixed by written intimation to him. He shall forthwith upon intimation being given to him by the Executive Engineer of acceptance of his tender, make a security deposit of rupees five hundred in one of the forms prescribed in the Madras Public Works Account Code and sign an agreement in the proper departmental form for the due fulfilment of the contract. This security deposit together with the earnest money and the amount withheld according to clause 63 of the Standard Purchasing Specification of the Madras Detailed Standard Specifications will be retained as security for the due fulfilment of this contract. If a cash security deposit is made by the contractor he shall follow the procedure laid down in the preceding paragraph for payment of earnest money and such deposit will not bear interest. Failure to attend the Division office on the date fixed in the written intimation from such officer to enter into the required agreement or to make the security deposit as defined in this paragraph shall entail forfeiture of the earnest money.

5. The tenderer shall examine closely, the Madras Detailed Standard Specifications, and also the Standard Preliminary Specification contained therein, and sign the divisional office copy of the Madras Detailed Standard Specifications and its addenda volume in token of such study before submitting his tender that rates which shall be for finished work in situ. He shall also carefully study the drawings and additional specifications and all the documents which form part of the agreement to be entered into by the accepted tenderer. The Madras Detailed Standard Specifications and other documents connected with the contract such as specifications, plans, descriptive specification sheet regarding materials, etc., can be seen at any time between 11 a.m. and 5 p.m. on office days, in the office of the Executive Engineer, Nellore Division.

6 The tenderer's attention is directed to the requirements for materials under the clause "Materials and workmanship" in the "Preliminary Specification." Materials conforming to the British Standard Specifications shall be used on the work, and the tenderer shall quote his rates accordingly.

7. Every tenderer is expected, before quoting his rates, to inspect the site of the proposed work. He should also inspect the quarries, and satisfy himself about the quality and availability of materials. The names of quarries, hills, etc., wherefrom certain materials are to be obtained will be given in the descriptive specification sheet. The best class of materials to be obtained from the quarries or other source defined shall be used on the work. In every case the materials must comply with the relevant standard specification. Samples of materials as called for in the standard specifications, or in this tender notice, or as required by the Executive Engineer in any case, shall be submitted for the Executive Engineer's approval before the supply to site of work is begun. If the contractor after examination of the source of materials defined in the descriptive specification sheet, is of opinion that materials complying with the standard or other best materials complying with the standard cannot be obtained in quality or sufficient quantity from the source defined in the descriptive specification sheet, he shall as state clearly in his tender and state wherefrom he intends to obtain materials, subject to the approval of the Executive Engineer.

The Government will not, however, after acceptance of a contract rate pay any extra charges for lead or for any other reason, in case the contractor is found later on to have misjudged the materials available. Attention of the contractor is directed to the standard "Preliminary Specification" regarding payment of seigniorage, tolls, etc.

8. The tenderer's particular attention is drawn to the sections and clauses in the standard "Preliminary specification" dealing with—

(1) Test, inspection and rejection of defective materials and work.
(2) Carriage.
(3) Construction plant.
(4) Water and lighting.

It shall be distinctly understood that the Government does not accept any responsibility for the correctness or completeness of the schedule, and that the schedule is liable to alterations or omissions, additions, or additions as the discretion of the Executive Engineer, Nellore Division, or as set forth in the conditions of contract. The tenderer will, however, base his lump-sum tender on the schedule of quantities. He should quote specific rates for each item in the schedule and the rates should be in rupees, annas and pie in terms of three pies. The rates should be written both in words and figures and the totals in words. The tenderer should also show the totals of each item and the grand total of the whole contract, and quote in the tender a lump sum for which he will undertake to do the whole work subject to the conditions of contract. Such lump sum agreeing with the total amount of Schedule A. The schedule accompanying the lump-sum tender shall be written legibly and free from erasures, overwritings or conversions of figures. Corrections, where unavoidable, should be made by crossing out, initialing, dating and rewriting.

10 Tenders offering a percentage deduction from or increase on the estimate amount, and those not submitted in proper form or at due time will be rejected. Rates or lump-sum amounts for items not called for shall not be included in the tender. No alteration which is made by the tenderer in the contract form, the conditions of contract, the drawings, specifications, or quantities accompanying same will be recognised, and, if any such alterations are made, the tender will be void.

11. The tenderer should work out his own rates, without reference being made to the Public Works Department current schedule of rates or to the Public Works Department estimate rates which are not open for inspection by tenderers.

12 The attention of the tenderers is directed to the contract requirements as to the time of beginning work, the rate of progress, and the date for the completion of the whole work and its several parts. The following rate of progress and proportionate value of work done from time to time, as will be indicated by the Executive Engineer's certificates of the value of work done, will be required. Date of commencement of this programme will be the date on which the site (or premises) is handed over to the contractor.

14. If further necessary information is required, the Executive Engineer of the Division will furnish such, but it must be clearly understood that tenders must be invested in order, and according to instructions.

15. The Executive Engineer or other superior authority reserves the right to reject any tender or all the tenders without assigning any reason therefor.

16. The sufficiency and of the supervising staff employed by the contractor in the execution of the work will be given due consideration in according the contract. The tenderers should therefore state in clear terms whether they employ such technical staff and if so to give the qualifications of such staff and the extent to which they will be employed on the work.

2. The wood has been classified according to the classes noted above. Intending tenderers are advised to inspect in advance the lots put up for sale, but they must accept the classification made in the depot as final.

3. Tenders should be superscribed "Tender for sandalwood" and sent by insured post to the Conservator of Forests, Salem Circle, Salem (Madras Presidency), so as to reach him on or before 11 a.m. on Wednesday, the 15th July 1936, on which date tenders will be opened.

4. Each tender should be accompanied by an earnest money deposit of Rs. 1,000 in the form of currency notes for Rs. 1,000 or Rs. 500. A receipted Madras Government Treasury chalan for the amount will also be accepted.

5. Each tender must specify the rate at so much per ton of 2,240 lb. for each lot of sandalwood desired, both in figures and in words. No tender for part of a lot will be accepted.

6. Earnest money deposits of unsuccessful tenderers will be returned immediately after the tenders are disposed of, and that of successful tenderers will be adjusted against the first instalment of the purchase money.

7. Each tenderer if his tendered rate for any particular lot is accepted by the Conservator of Forests, Salem Circle, Salem, will be furnished with a memorandum showing the total amount due from him. He shall remit 25 per cent of this money, less the earnest money deposit referred to in paragraph 4 above, into the Imperial Bank of India at Vellore or Madras or the Reserve Bank of India, Madras, within seven days from the date of receipt of the memorandum and another 25 per cent before the 15th August 1936, the balance 50 per cent being paid on or before the 15th September 1936, or against delivery whichever is earlier. Should any successful tenderer fails to make the necessary remittance by the due dates, the money already remitted will lapse to Government and the District Forest Officer, Vellore West division, Tiruppattur, North Arcot district, will be at liberty to resell the wood in question at the risk of the successful tenderer who shall be liable for any loss, but shall not participate in any profit which may arise by the resale.

8. After 50 per cent of the entire sale value has been paid to the credit of the Forest Department, delivery of sandalwood shall be made to the successful tenderer, provided that until full payment has been made, a quantity of wood, equivalent to 25 per cent of the full sale value shall remain unremoved but paid for.

9 On the successful tenderer's promoting claims on proof that 50 per cent of the entire sale value has been paid, a proportion of the wood purchased will be weighed in his or his agent's presence and the quantity handed over to him as provided for in condition 8 supra If, however, proof is produced that the entire sale value has been paid, the whole sandalwood purchased will be weighed and handed over. The successful tenderer must take delivery of and remove the whole of the wood sold to him on or before the 15th October 1936.

Should any excess over the quantity paid for be found in the quantity purchased when weighing at the time of delivery, the excess will be paid for by the successful tenderer at the rate at which it was originally purchased, before effecting removal. If any one successful tenderer has purchased more than one lot or class and if there is any excess in one lot or class and deficit in the other, when weighing at the time of delivery on a particular day, the value of the deficit noticed, calculated at the rate at which the main lot or class was sold will be adjusted towards the value of excess quantity noticed in the other lot or class as the case may be, and the balance, if any, still due from the successful tenderer will be collected before permitting him to remove the quantity delivered during the day. If, however, the net quantity delivered results in a deficit on account of drying over the recorded quantity at the time of tender, the value of the deficit quantity at the tendered rate will be refunded in due course.

10 The successful tenderers, when deputing their agents to take delivery must furnish such agent with a power-of-attorney duly stamped and bearing the signature of the person so deputed. A copy of the power-of-attorney must also be sent to the District Forest Officer, Vellore West division, Tiruppattur, North Arcot, by post with four specimen signatures of the agent. Failing these, delivery may be refused pending verification, in which case the delay will count against the successful tenderer.

11 No further cleaning or classification of sandalwood will be undertaken by the Forest Department, nor will tenderers be allowed to clean any wood previous to weighment The classification, cleaning and weighment as determined by the Forest Department must be accepted.

12 After the wood has once been weighed and handed over, if the successful tenderer fails to remove all the wood within the period allowed in clause 9, demurrage will be charged at the rate of Rs 2 per ton per diem from the last date fixed for the delivery until the wood is finally removed.

13. No sandalwood shall be removed from the depot till a licence to remove it signed by the Officer of the Forest Department, who delivered the wood, shall have been obtained and till every piece of sandalwood that can be stamped has been stamped with the district "Sale Hammer".

14. The successful tenderer shall bear the cost of taking delivery of the sandalwood.

15. The tenderer should give at least seven days' notice of his intention to take delivery, to the District Forest Officer, Vellore West, Tiruppattur, supported by Bank remittance in token of payment. No delivery may be made on holidays.

16. The wood purchased by each successful tenderer shall be in the depot at his risk from the date of acceptance of tender until it is removed

17. The Conservator of Forests, Salem Circle, Salem, reserves the right to accept or to reject any tender without assigning any reason.

18 Further particulars can be had on application to the District Forest Officer, Vellore West division, Tiruppattur, North Arcot district.
